

Guide to Fibroid Treatments: Evaluating Specialists and Asking the Right Questions

ASK THE EXPERT!

July 30, 2024

12:00pm- 1:00pm

Speaker: Dr. Natalya E. Danilyants
Co-founder of CIGC

Webinar Description

Join us for an empowering webinar during Fibroid Awareness Month, featuring Dr. Natalya Danilyants, Co-founder of CIGC and a leading expert in fibroid treatment. This session will provide women with a comprehensive understanding of fibroids, their symptoms, and their impact on health. Dr. Danilyants will explore the latest advanced treatment options, including medications, Uterine Fibroid Embolization (UFE), and innovative surgical techniques like DualPortGYN and LAAM. The webinar will also emphasize the importance of specialized care, offering insights on how to identify and choose the right specialist. Don't miss this opportunity to empower yourself with the knowledge and tools needed to take control of your health. Register now!

Natalya E. Danilyants, MD, is board-certified in gynecology. Dr. Danilyants developed and perfected the DualPortGYN® and LAAM® advanced gynecological surgical techniques used to treat complex GYN conditions such as endometriosis and fibroids. Dr. Danilyants has performed thousands of cases, and all s a Hyper-Specialist has extensive training in GYN Oncology procedures and techniques through her work at the Womens Surgery Center and CIGC.
