

# Understanding Why Fibroid and Endometriosis Symptoms Return After Treatment

## ASK THE EXPERT!

 **November 5, 2024**  **12:00pm- 1:00pm**

## Webinar Description

Join us for an enlightening and empowering webinar featuring renowned surgeon Dr. Natalya Danilyants, as we explore the root causes of symptoms that return after treatment for fibroids and endometriosis. Many women undergo surgery or treatment for these conditions, only to find that their symptoms come back after some time. In this webinar, Dr. Danilyants will dive into why these symptoms often return, the importance of choosing the right specialist, and how advanced surgical techniques like can provide lasting relief.

Whether you are newly diagnosed or dealing with symptoms that keep coming back, this webinar will equip you with the knowledge to advocate for yourself and make informed decisions about your health. Register now!
